

Polskie LNG S.A.

Polskie LNG S.A. is the operator and owner of the President Lech Kaczyński's LNG Terminal in Świnoujście. Polskie LNG launched the construction of the plant in 2010, and the LNG Terminal has been in operation since 2016. The LNG Terminal in Świnoujście has contributed to the energy security in Poland and Central and Eastern Europe, as well as it enables the import of liquefied gas to Poland from any direction in the world.

The technological processes and services currently provided by the LNG Terminal include unloading LNG from a LNG carriers at the unloading jetty, LNG process storage in cryogenic tanks, LNG regasification and send-out of natural gas to the National Transmission System, LNG transshipment onto tanker trucks and ISO containers. The LNG Terminal's annual regasification capacity amounts to 5 billion Nm<sup>3</sup>. The plant also includes two cryogenic tanks for LNG process storage with a capacity of 160,000 m<sup>3</sup> each.
